## GENERAL INSTRUCTIONS

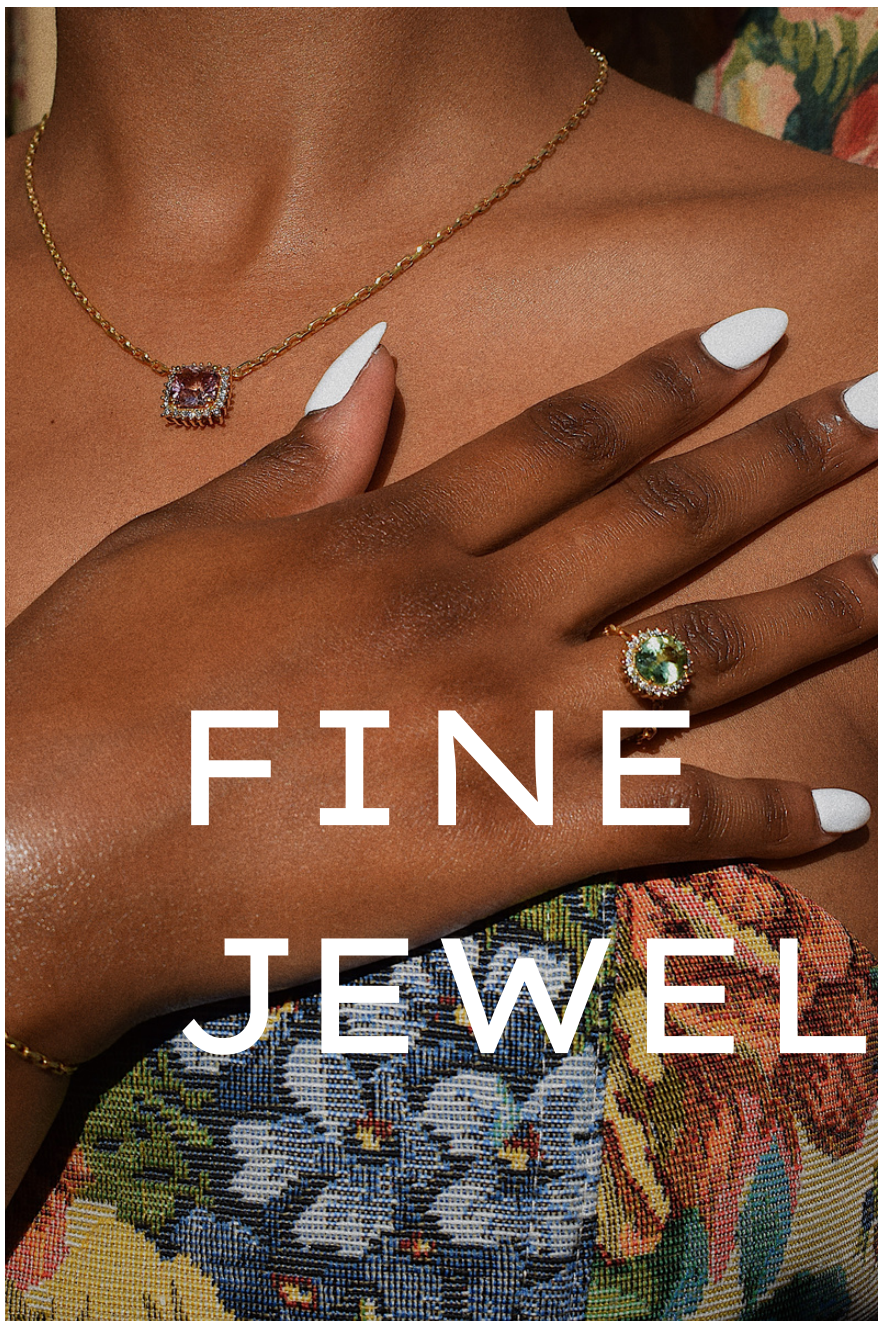

### *Wearing Jewellery.*

- Remove jewellery when showering or bathing. This is particularly important when on the beach, in the sea and in chlorinated water
- Avoid wearing jewellery when doing physical work such as housekeeping, gardening or exercise
- Never expose jewellery to household cleaning products, especially bleach and highly reactive solutions
- Avoid spraying perfume, hairspray on the gemstones or pearls as it jeopardizes the integrity of the material
- Remove jewellery when applying make-up, creams to avoid the residue getting into the texture or gemstone setting. Any residue dulls the shine of your ring
- Keep away from extreme temperatures and humidity
- If you notice any gemstones moving, please have that repaired immediately to avoid any further damage or loss of stones

## GENERAL INSTRUCTIONS

# *Cleaning Jewellery.*

Using a soft, lint free cloth is an effective way to keep silver, yellow and rose gold jewellery looking shiny and lustrous.
